§301. DEFINITION

A controlled access highway is a highway on which, in the interest of safety and efficiency of operation, abutting property owners have no right of direct access and on which the type and location of all access connections are determined and controlled by the department. [1971, c. 593, §22 (AMD).]

§302. USE

The department shall have full power and authority to lay out, establish, acquire, open, construct, improve, maintain, discontinue and regulate the use of controlled access highways within this State in the same manner or manners in which said department may now lay out, establish, acquire, open, construct, improve, maintain, discontinue and regulate the use of highways within the State. The department shall have any and all other additional authority and power relative to such controlled access highways as they now respectively possess relative to highways, including the authority and power to acquire or accept title to the lands or rights of way needed for the same. [1971, c. 593, §22 (AMD).]

In connection with the laying out and establishment of a controlled access highway the department may take in fee or lesser estate, by purchase, gift, devise or by eminent domain under chapters 1 to 19, part or all of any part of land adjoining the highway location which, by reason of such laying out and establishment of a controlled access highway, has been severed from legal access to any public highway. Where an existing highway has been designated as, or included within, a controlled access highway by said department, existing easements of access may be so extinguished by purchase or by taking under eminent domain, in accordance with any existing method now exercised by said department in purchasing or taking land for highway purposes. Access to such controlled access highway from any existing highway, road or street may be regulated and restricted by the department. Access to any such controlled access highway from any new highway, road or street shall be subject to the consent and approval of the department. [1971, c. 593, §22 (AMD).]

§304. COMMERCIAL ENTERPRISES PROHIBITED

No commercial enterprise or activity shall be authorized or conducted by the department or any agency or officer of the State within or on the property or right-of-way acquired for any controlled access highway under this chapter, except that the department may permit the erection or installation of electric power, telegraph, telephone or pipe line facilities within the controlled area.
